IMPORTANT FOREWORD:

These precious teachings which maintain a uniquely high degree of purity, integrity, depth and clarity typify the 'Eternal Life' knowledge and principles of Being that is inherent to their origins ...

Articulated sequentially to best faciliate personal and planetary ascension / inscension, they were (& are) forever intended by the Eieyani to be freely accessible to Angelic Humanity ...

All of the Freedom Teachings material published since 1997 had been *intentionally* provided by the Eieyani Priesthood, via the contemporary Appointed GA-MCEO Speakers, in a very particular sequence ...
structured to assist EVERYONE, regardless of their current body of knowledge, in order to enable a firm grasp of previously unpublished and often challenging new concepts in 'Spiritual Reality', Personal & Planetary Healing & The Mechanics of Creation ...

From the perspective of anyone identifying with these Teachings, the benefits of understanding the content of earlier publications, as well as working with the techniques provided is a **VITAL** pre-requisite to obtaining the information value contained in later workshops, publications and tools...

Extensive "hidden triggers" and "keys" inbued within these teachings activate gradual, stable and enduring upshifts in personal frequency - but especially so when embodied in the specified sequence on this list ... benefiting you, your local Grids, the planet and its life fields and the rest of the multiverse symbiotically - the effect is truly Cosmic !

Building upon this foundational sequence, we have labored to provide complete & unadulterated access to the most beneficial materials gifted by the Eieyani, with the firm heart-centred resolve for individuals present to become fully AWAKE, AWARE & ABLE... in combined "krystic symbiosis" -- for the betterment of ONE and ALL...

We trust that this presentation of fundamental materials, now [finally] made so readily available to you & in such an optimally integratable sequence will serve you well !

With omnilove & gratitude,

The Administration Team

4.Introduction to the Monad

Recorded Live - Phoenix AZ, 10-2005. Module presented by Kathara Team Member Terry 'ThaRhaSeu'.

Discover the monad, in a very comprehensive and understandable format. The monad is *—the Spark of the Living Flame*‖. It is the aspect of our multidimensional self that connects us to our **Original God Seed** and **Stream of Consciousness**. We could say that the Starburst cycle which is occurring now involves *resetting the God Seed*, the moment of *First Creation*, within ourselves and our reality.

This is an incredible celebration, and a joyous homecoming! In this module, we will connect with the monad, both via understanding its place in our cosmic structure and direct experience in meditation.

We will also look at the condition of monadic reversal and its effects. Through the monad, we can fully remember and experience the Oneness that we are. Includes a 15 page handbook. Familiarity with Kathara Bio-Spiritual Healing System™ - Level 1 and the Maps of the GodWorlds is recommended to get the most out of your experience.

5.Time - Anatomy of the NOW Moment

Freedom Teachings Foundation Course. Presented by Kathara Team Member Terry 'ThaRhaSeu', Phoenix, AZ, April 2006.

This module is all about time: time waves and cycles, timelines and probabilities, the *genetic time codes within your DNA template*, and how the **activation of the Flame Body** affects your personal time cycles and rhythms.

All our activation is ultimately about the NOW moment and bringing all of ourselves into this eternal instant. Learn about how this NOW moment (also known as the Eiron or Zero Point) functions in the manifestation-transduction sequence, about our Heroic probability selves and about the dynamics of time shifts. We are bringing multiple time cycles into co-resonance with activation of the **Voyager Time Codes**. Join us as we celebrate our homecoming into the NOW

Note: This module can be considered as a companion to the Cosmic Clock Reset workshop (which focuses on the many interconnecting time cycles and all aspects of how the cosmic clock creates time cycles.) In THIS module, we will focus on the NOW moment and how consciousness is expressed via the medium of time. Includes a 13 page handbook.

6.Consciousness of Ascension Module

Freedom Teachings Foundation Course - Presented By Kathara Team Member: *mELissa Higginbotham* May 2006.

They will provide benefit but the benefit that we know you are looking for is maximized by looking at ways in which you can make the Shift.*" (A'zha-yana)

In this module we will look at ways we can make the **shift** and what's keeping us from realizing our full potential. We'll touch on Future Self, Angelic Mind, Universal, God, and Christ Consciousness, Ray Consciousness, Principles of Creation, Drawing Frequency, Ego and Negative Ego, Attitudes of Mastery, Beingness, Ascension, DNA Activations, Free Will, Perceptual Filters, and MRWSCF (My Relationship With Source Comes First).

7.Postures of Love and Steps Toward Joy

Presented by Kathara Team Member Rosaleen Tobin, London, November 2006. Freedom Teachings Foundation Course.This module presents a practical, multi-faceted approach to expanding our capacity to experience Love and Joy. We commence by examining the origins of Creation as an expression of the Loving Nature of Source: the Flame of Amoraea or Divine Love. We explore the motivation for and structure of Creation in terms of the Laws of Divine Love, the nature of Free Will and the Path of Love and Joy. We will see the common thread among the elements of Love, Joy, Divine Order, Self-mastery and Self-sovereignty. All love begins with the Divinity Within the SELF as a direct expression of God-Source.

We will look at aspects of love such as Omni-Love, Self-Love, Soft Love, Tough Love and Steps towards Joy, as well as examining some of the issues underlying any experience of non-Love or non-Joy in our lives. This session includes a discussion of the question: ―Where is the Love?‖ in the Freedom Teachings. In the final sections of the DVD, there is a reading of the beautiful technique for Omni-Love, the ―Mahara Space-Comfort Touch‖ from Kathara Manual Level One.

This module and its accompanying 71-page handbook are accessible to Newcomers to the Freedom Teachings. However, since Love and Joy are such fundamental themes of all our lives, this is a useful opportunity for anyone at any level to re-evaluate our core values and reconnect with our true purpose in being in embodiment at this time. The handbook consists mostly of direct quotations from the Speakers or written AP materials, illustrating the depth of Love and Joy in the Freedom Teachings.

Through living in Omni-Love, all moments are known as Sacred, all beings are known as Blessed, and Life becomes an ecstatic study in Reverence for Existence.

8.Exploring The God Worlds - Module

Presented by Kathara Team Member Noel Tobin. The God Worlds Module provides a detailed description of our cosmic geography. We live in a world that in turn lives within a magnificent multidimensional structure that connects us all the way back to Source. We came into embodiment within this cosmic structure and our pathway home takes us on a journey through the many levels of the God Worlds. Familiarizing ourselves with the structure is a part of finding our way home.

This module explores the multi-dimensional structure of creation and how this manifests ever finer levels of detail, spanning local Veca universes and parallel universes, inner Ecka core worlds within larger Eckasha universes. You will learn about the Lower, Middle and Higher God Worlds. These emerge in turn through the Cosmic God Seed and the Primal Life Current fields of Source. You will also learn about the "Stairway to Heaven" and how this forms a personal pathway back to our home in Source. The God World maps provide a depth of information and integrity of structure that is totally unparalleled.

The information in this module provides a foundation for understanding the cosmic drama unfolding around us. It is essential to understanding the grid connections, energy flows and the personal and planetary activations arising at this time. This information is a very precious gift to our personal growth and to our race and planet in these important times. It informs and honors our connection to Source. 11.Laughing Out Loud: Humour and Mastery
Attitudes & Responsibilities of Mastery IV

Freedom Teachings Foundation Course - Recorded Live 9-21-2007 in Virginia Beach, VA. Presented by Kathara Team Members: Melissa Higginbotham and Hilary Lyons.
How do masters enjoy life, no matter what the drama might be? In this module we explore the true meaning of "We All are One". We'll look at how we are all masters and creators of our own holograms. How can we take a few more Steps toward Joy? We'll look at why the hologram was intended to be joyful and see if we are choosing to co-create anything less than this. Are we allowing Source to explore itself freely through us ? When can we choose to laugh and learn from our lessons? Discover where the humor is lacking in your life so that you can make changes to "turn toward the laughter' and 'let it fill you". A lighter side of understanding the Source Flows of Creation and how to allow that Joyful Laughter and Love to express through you. You will be rolling in the floor with tears in your eyes and feel light as a feather on the wind. " Laughing Out Loud" or "Lots of Love"..... sharing both in this session.

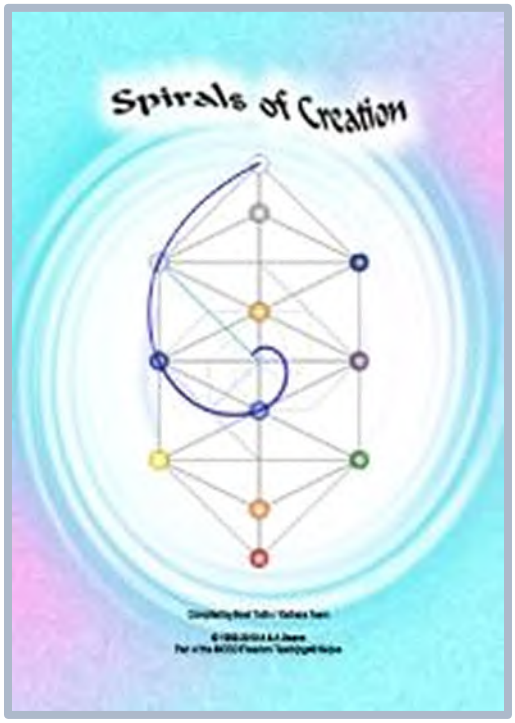
12.Spirals of Creation



Module - *Created by Kathara Team Member* - ***Noel Tobin***.

The **Krystal Spiral** is key to the expansion of structure in a ***Krystic universe***. It regulates the cycles of expansion and back flow return to Source. It operates in conjunction with Krystic Merkaba to regulate the flow of Primal Life Force current down through cosmic structures into our bodies and everyday lives.

The Golden Mean and Fibonacci spirals derive from the original Krystal Spiral. Their structure and mode of operation however differ in significant ways from the Krystal Spiral. This has major implications for their associated Merkaba mechanics, leading to a severing of higher dimensional connections, cutting off flows to and from Source and trapping of energy.

This module explores the origins of both spiral sets and compares their mode of operation. In particular it looks at the growth of the Krystal Spiral from the original Kathara Grid. It compares this with the development of the **Golden Mean spiral** from the Golden Mean rectangle, the development of the **Fibonacci spiral** from this and their relationship to the ***'Tree of Artificial Life' in Metatronic science***.

These spirals lie at the foundation of sacred geometry. The numbers and proportions associated with them are important and are explored. They influence Merkaba spin speeds and arise in many fields, e.g. biology, architecture, art, etc. The spirals directly impact physics and how energy flows into and operates in our world. In particular the Metatronic deviations have impacted our _natural' world in a very significant way leading to a closed isolated local universe with a finite amount of energy that is degrading, as detailed in our conventional energy laws. They also affect the way our electricity and magnetism operate, our planetary magnetic field, etc. They condition the world we live in. Fortunately the Krystal Spiral is also present and accessible. This brings the possibility for full higher dimensional connection, open energy flows with Source and direct Source connection. Knowledge of the spirals and understanding their differences empowers both our stewardship in creation and our connection to Source. It is both a sacred entrustment, putting the sacred back into science, and a fascinating vista on our journey home.

15.Manifestor's Guide to Conscious Co-Creation

Presented by the Kathara Team

Thoughts are things. Direct your mind to co-create the reality you choose to see and experience. Reclaim your co creative power and understand the mechanics that govern your manifest reality. *Change begins withIN.*

The perfect compliments, **Attitudes and Responsibilities** and the **Mechanics of Manifestation** modules together in a one day workshop for the first time ever. This module is filled with techniques and experiential exercises to assist the mind, body, spirit to embody the understanding of the power of the tools we already have within, waiting for our conscious co-creation.

Attitudes and Responsibilities of Mastery - Part of the process of Spiritual Integration of Our Higher Selves or Expansion of our Consciousness involves "re programming" the way we think. Our thoughts create our reality and the life experience we have on the inside and the outside of us. The 12 Attitudes and 12 Responsibilities which promises Mastery, when embodied and "lived" will help to change our thought patterns. Thoughts that we simply take for granted because they are part of the programming we currently carry. Changing the thought patterns is actually changing the programming in the personal shields. In this module we will explore simple ways of co-creating with the 12 Attitudes and 12 Responsibilities of Mastery. How to make choices to assist in raising our awareness on our path of advanced spiritual development. Discover how our perceptual filters limit our ultimate process of expansion, freedom and self expression. Begin to build your own bridges from **Self -Realization to Self-Actualization**. A session which promises to be filled with Love, Joy, Truth and much more.

Mechanics of Manifestation - Co-creative Mastery - *"Conscious manifestation is both a science and an art."* Discover how we manifest continually, through the reality of our inherent structure of thought creation, as set by the original first creation. The journey continues with a comprehensive overview of The **Sacred Sequence - the Manifestation Transduction Sequence**. We will learn how we, through our energetic template and anatomy, truly are magnificent breathing systems of consciousness co-creating the manifest illusion. Learn the '*tricks of the trade*' of your inherent manifestation abilities and learn how to directly become a conscious co-creator with your thought creations. Extensive topics will be discussed, such as, the art of mindfulness and learning to become aware of your mental body focus. Learn about 'decoding' the hologram and how certain cultural thought patterns/beliefs literally create our collective holographic experience. The module culminates in a discussion of the Still Point and Methods and Techniques of Manifestation.

16.Stepping Into The Consciousness Of Ascension

Recorded May 2011 – Sarasota, FL. Presented by the Kathara Team. Offered for beginners and Intermediate level. This module is presented as an "**Experiential Class**" to allow more understanding of our desired goal of co-creating a *stronger connection with God – Source*. You will not only be presented information and knowledge but will be able to "**Step Fully**" Into a greater understanding of what co-creating a stronger connection with God – Source is all about. It is one thing to have the desired thought of becoming more like God – Source in our personal expressions and to be able to "**Ascend**" through a Star Gate but there is a big difference in having such a thought and being able to consciously and physically accomplish our desired goal.

This module will take you through a "**brief summary**" of *material presented since 1999*, when the Stellar Activation Cycle began, touching on key steps along the way that have been returned to us to assist us to understand Ascension as well as to facilitate our desired goals. Knowledge is a wonderful part of our Ascension Process but if we do not have some understanding of how to "Apply" that knowledge in our every day lives, we may find ourselves feeling lost in a sea of knowledge. This module assists our understanding in applying the Truth of Creation in our every day lives.

Subjects & Techniques Include: Krystar Breaths, Psonn of Lyra, Dial Up Sequence, What does Invocation mean? Connecting with & understanding the Haah-TUr' Races. Building Bridges in Frequency. Brief on Psonns of Passage. Psonn of the "Infinite Eternal One". Create Consciously with your Inner Divine. Your "Nugget of Joy". Difference between Joy & Happiness. The Tribal Shield, Stewardship, Feeling the Attitudes and Responsibilities and Living them in your every day life, the High Veca Codes, Seurias (explanation & demonstration), Heliotography Codes, Aligning your thoughts to Source Consciousness, Encryption of inanimate objects, importance of Linguistic Template Reprogramming Power Grids. How can we become better conscious co-creators with Source to co-create more Balance, Joy & Happiness in our lives?

17.Attitudes & Responsibilities of Mastery - Level 9; Standard Bearers of the Host

Recorded April 2011, Sarasota, FL. Presented by the Kathara Team.We are a group of Krystic Avatars who, having already mastered this Time Matrix, made a conscious choice to be here. We knew we could make a difference and that **failure is not an option**. Join us as we deepen our understanding of how to live with, through, and as the Attitudes & Responsibilities of Mastery during this time of *accelerated remembrance of our Mastery* as we uphold our own Truth in the **Sacred Duty** we have contracted to do.

In this module we learn what it means to be a **Standard Bearer of the Host** and the contracts with Self they entail. We explore the meanings of Host, Hoster, Host Fields, and what it means to hold the Host and the requirements to fulfill a Hosting Contract.

Together we learn how to truly walk our talk while holding **Reverent-Respect** for each individual's chosen path. We take a look at what practical applications we can learn from the **Postures of Love** and how to *honor the Divinity within all forms of creation*. We begin to understand what it means to act with Grace, and what Grace has to do with how we handle and Stand in our power.

We've been given many tools to help us fulfill our **Service Agreements**, and these are discussed along with examples of the many different ways you can Serve Source. We are shown how the Attitudes & Responsibilities of Mastery help us hold our fields during *turbulent times* and how their embodiment leads to Fearlessness, Love, Joy and Allowance of all Paths. And finally we learn about our ultimate contract with Self, the **Art of Spiritual Presence**, and how to move from "becoming" into BE-ingness. **Technique:** Birthing the Ra-Sha-LA Vessel

1.Kathara Levels 2-3 Foundation "Awakening the Living Lotus"

Healing Facilitation Through Crystal Body Alignment. Includes: Facilitators' Presentation Portfolio.

Recorded live in Phoenix, AZ 4-2004 & Long Beach CA 5-2004.

This Kathara Levels 2-3 package consists of the 6 DVD's from Phoenix - April, 2004 & the 5 DVD's from Long Beach - May, 2004 plus the Kathara 2-3 manual. Phoenix is the first dispensation of the Kathara 2-3 program and Long Beach is the continuation as well as formatted for Teachers/Facilitators Presentation Portfolio.

The Kathara Level 2 - 3 Program introduces the various elements of multi-dimensional anatomy, from the Transcendent Eukatharista Body to Merkaba Fields, the Radial Flame Body and Crystal Body .. of the intermediate anatomy, and their corresponding technique applications, that empower and prepare us for re-awakening of the "**Ra Center**" and its long-dormant, accelerated, healing potentials. The technologies of Flame Body Activation featured in Kathara Level - 2 specifically address development of the ability to access, embody and transmit the powerful **Heliotalic Ecka - Core Frequency Spectrum of Primal Life - Source Currents** that exist beyond the immediate 15 - Dimensional Frequency Spectrum.

The Heliotalic Frequency Spectrum represents the minimum of Inter-dimensional Frequency Power that is needed to access and initiate activation of the Ra Centre through which the "Ka - Tha" Etheric Blueprint Core can then be accessed directly for expedited and greatly amplified healing and manifestation potential. Crystal Body Alignment, the Heliotalic Ecka-Core **Sha-LA-a**, **Le-eTOR-A** and **Le-AdOR-A** "Eternal Living Light" Core Primal Source Currents, Ra Centre Ethos-Eiros Etheric Blueprint, Ecka-"Eternal Living Light" Primal Source Currents, Sho-Na - "Static Finite Life" Reversed Polarity "Dead Light" Currents, Through Kathara Level - 3 Technologies, the Sha-LA-a, Le-eTOR-A and Le-AdOR-A Ecka-Heliotalic Living Light Primal Life Source "Living Light" Frequency Spectrum initiates activation within the Multi-dimensional Anatomy, allowing for beginning activation of the embodied Ra Center, with resultant access to the **Ka-Tha Light-Sound Body immediate Ethos-Eiros Etheric Blueprint Core**.

Access to the Ka-Tha and Ethos-Eiros Frequency Spectrum allows for *advanced Healing Technologies of Axiom Base Shield Bonding to be employed.* "**Eyes of Ra**" Power-Key technology for instant "On Command" access to Ecka-Heliotalic Healing Currents.

The Kathara Bio-Spiritual Healing System® provides us all with an opportunity to join the Planet in its Natural Healing and Renewal Cycle, assisting us to "**catch the Planetary Time-Wave**" that is moving toward a future of *Healing*, *Restoration* and "*Ascension" of Consciousness and Frequency*. In establishing Personal Bio-field and Crystal Body Frequency Co-resonance with Earth‘s "Healing Wave of Ascent", we can create progressive, Self-generated, immunity to the "Chaotic Wave of Descent" and its corresponding Planetary Time-Wave, which will be experienced by the portions of Earth‘s Body that can no longer hold the higher frequencies of Healing and Restoration. Through the Kathara Programs we are all being offered the opportunity to consciously choose which Planetary Time-Wave we will "ride upon" and thus, what Evolutionary Destiny we are most likely to encounter.

Includes Manual of all graphs, charts and techniques for individual use or to be used for Kathara Levels 2-3 Teaching/Facilitation, 372 pages. Kathara Levels 2&3 Techniques CDs

This collection of Techniques has been specifically arranged as the most basic, consolidated group, that will support effective participation of allcomers to Kathara Level 2-3, whether beginner or established practitioner of Kathara Level-1. Therefore, **Techniques 1 thru' 8 are essential precursors to effective personal access to the frequencies associated with Kathara 2-3** (and just as significant as the K2-3 specific techniques 9 thru' 19).

Considered from a wider perspective, these techniques will provide a minimum basis on which Base-6 frequencies can be successfully anchored (i.e. the sub-harmonics 1-6 (of 12) of Dimensions 1 thru 12).

This Technique group is complemented by those found in the 4 part "Dance for ... " Series (Life, Love, Joy & Freedom) leading to "maximized" potential for anchoring Base-12, and the associated possibility of ascension and/or Stargate passage, together with effective participation in Masters Grid work projects. Successful anchoring of Base-12 Frequencies presupposes applied familiarity of the contents of the 4 part "Dance for Life" Series as well as recommended use of all "Dance for ..." Techniques.

These guidelines are basic "catch-up" essentials and should not be construed as invalidating numerous additional MCEO techniques & teachings and, particularly, non-duplicated "Essential Newcomers" techniques.

Techniques include:

1. The Maharic Seal and Liquid Light Cleanse,
2. Eckasha Quick Seal Activation,
3. Astral, Awake, Aware & Able (Eiros Flame Activation Level 1),

2.Introduction to Elements of Kathara Level - 4: Installment 1

Featuring: the Eiradon Awakening, the Voyager "Trinity Time Wave" 'Ra-Sha-LA' Restoration, the 'Ah-Seu-Ra-Shan' State and the Hon'a-tiL-E-a Run.

Recorded live in Phoenix, March 2005. This workshop contains the beginnings of the "**Monadic Translations**", a complex series of translations that have to do with the structure of the **Monad** and its formation through the FIRST and SECOND Partiki (*God Source"s DESIRE then INTENTION to create*). These initial translations give an overview of the specific series of 'cell division' processes that the first and second partiki undergo to form the Monad, which itself splits to form the **RADON** cells.

The RADON cells interface directly between the etheric and atomic realities (non-manifest and manifest form) and have been progressively activated through the **Nadradon** (Mexico workshop - ROR), **Zendradon** (MM/UK workshop) and **Kethradon** (India workshop - IKA) awakenings. The activations in this workshop, including opening the **Eiridon Mother Stream** (the liquid light flow within the central vertical column), give us the necessary preparation for the **Ethradon** awakening and opening of the final "e*theric-atomic doorway*" which takes place during the Morocco Hetharo workshop. Opening these doorways allows us to strengthen our direct connection to Source and to access the frequencies that are "***encrypted***" with God Source's original *„mathematical program*" for Creation itself.

The activations in this workshop also prepare us to be able to use 'encryption' for manifestation. Our ability to use encryption is not only dependent on the final Ethradon Awakening, but also a properly functioning Chakra system. The "*6-fold chakra activation*" helps reactivate and realign our currently distorted and truncated 2-fold configuration Chakra system for this purpose. This activation will in turn help reactivate the **ReushaTA Spiral** within our Central Vertical Column, an additional necessary step in returning the strength within our **Pillar of Power** and our abilities to use "encryption".

Importantly also, this workshop introduces the first of the "*projection" technologies*, where we learn to project our consciousness in a safe and effective manner. Through the exercises, you will 're-birth', meet and activate your very own personal 'projection vehicle' called the "**Re-Sha-LA Body**" for the first time in eons! Your Re-Sha-LA will be working with you from this point forward, to develop an *Avatar-like mobility of consciousness.* Arc Breaths.

Finally, all the techniques in this workshop assist us in building the necessary frequencies within our Crystal Body structure to access the new "**Trinity Time Wave**", allowing us to play our role in guiding this planet and all life-forms upon it, through a successful **Starburst**. The techniques in this workshop include: Return of the Ra-Sha-La and the 6-fold Ra-Sha-La chakra awakening in preparation for the Ethradon awakening in May 2005 Hetharo (Morocco workshop); The Rain of Rama Song (Voyager code preparation); Part 1: E-Cou-Sha manifesting and introduction to Encryption; Part 2: Consciousness states, time wave surfing the transcendental passages and introduction to the Voyagers Trinity Time-Wave codes; 6-fold Voyager code induction and Chakra induction; The Blue Lotus Code and voyage to the passage of Khemalohatea; The Khemalohatea Voyage and passage through the Khemalohatea Flame to the ADdonDrea; The Ad-Dondra Voyage and journey through the Adondrea Flame and 360-doorway.

Also included: 2 CDs of recorded techniques. 3.The Science and Spirituality of Creation

Following the success(es) of the Emerald Covenant Masters Planetary Stewardship Program, 01/2000 through 08/2003, comes an imminent shift in focus and teaching thrust; this focus is one which will concentrate on the tools and techniques by which "Team Indigo" will participate fully in "The Great Cosmic Healing Cycle" to assist in facilitating the "New Vision of Co-evolutionary Peace". The EOMC Foundation materials which have, and will increasingly, underpin understanding and involvement in this major shift is represented by the hugely detailed content of over 50 different Workshops and more than 1,000 hours of teaching time.

To ensure that a most up-to-date and comprehensive platform of understanding was available to ALL, and on which the next major progression will be fully initiated (beginning Kathara Levels 2–3 Phoenix 04/2004), the Guardians determined that it was essential to provide the most succinct, and specially structured review of the major themes, principles and precepts of the information presented since Fall 1999. **The materials from this workshop are thus destined to become the first, major, EOMC Maharata Texts Standard Reference work of especial relevance and use to ALL involved; and, of crucial fast-track value to those yet to become involved, in the EOMC Christos Re-alignment Mission.** The material is especially structured in a way which facilitates deeper understanding of Key Concepts and the essential relationships between them.

The material is presented in 5 Sections:
1) Cosmic Order – which spans the nature of Partiki, the very "stuff of Creation", the nature of Creation as Structure expressed through the nested (Kathara) Grids which form the Ecka Maps of the God Worlds, up to the nature, role and location of Star Gates throughout this Universe.

2) Personal Interdimensional Anatomy – which illustrates the intrinsic relationship between species, planetary, galactic, universal and cosmic grids; the embodied personal "Shields" (or Stargates), the organic flow relationship of Universal Life Force Currents, "Auric Field Levels", Chakra and Hova Body correspondences, the characteristics of the Crystal Seals and relationships to DNA accretion.

3) Primal Life Force Currents – which reveals the Interdimensional Frequency Spectra as expressed through the 15 Rays and 12 Domains, revealing the relationship between structure, dimensional levels, Harmonic Universes, frequency characteristics and down to the level of the personal DNA and Kathara Grid Template.

4) The Merkaba Vehicle – this section integrates and expresses the deep significance of the material presented in Sections 1-3, by illustrating the Personal, Multidimensional, Identity levels associated with Merkaba Phases, from the significance of DNA/ Fire Letters to the quintessential importance of the (restoration of) Organic Flow of Primal Life Force Currents. Crucially, this Section reveals the true nature of Merkabic Spiral Sets, the significance of Star Gate Seals and the stages and processes by which creation of the Ascension vehicle, the Mahunta, 12-Point, 12-Plane Merkaba, can be realised. The Section also presents a detailed introduction to the nature and function of Universal Eternal Life Christic Merkaba Fields and their explicit relationship to the God Worlds "without" as well as the God Worlds "within" – the personal "Monadic Atomic Body", Kathara Grids, Lotus "Body" and Monadic Core Merkaba Fields.

5) The Eternal Flame Body – this Section begins by revealing the "In Breath and Out Breath" of God, the Christos Seed Atom and the all-important relationship to the organic nature of Merkaba Spiral Sets and the personal Radial Bodies. These lead to revelation of the processes of Manifestation revealing the significance and focus of Flame Body Activations and the relationship to releasing embodied Interdimensional Seals to facilitate the creation of the Cruxansatea triple axis Merkaba and, thus, unrestricted passage through the God Worlds.

Techniques for fastest activation of the personal 12 strand DNA are given, including: Tribal Shield Activation, Emerald & Amethyst Awakenings, the Crystal Temple meditation, Cue Zone creation (safe zone/interdimensional interface) together with the original Anuhazi language Tribal Keys (Psonns) - the sound programs used to correctly activate the DNA and Primal Life Force Currents. 5.Mechanics of Manifestation

Embodying Your Heroic Future - Introducing the Bi-Veca and Tri-Veca Codes - Fourth in the Series.

Lecture and two full day workshop recorded in Sarasota, Florida, Sept 2001. This is extraordinary material, not heard on this planet for over 246,000 years. The Manifestation Template was introduced from a new perspective dealing with template substance and structure, the nature and workings of the creation currents; the density levels and the states of matter. Consciousness and manifestation templates dealing with motive, method, medium and the question of creation projection are discussed, the question of tangibility of thought, what they are, where they come from, and the answer to the illusive question: Where on earth do they go? The questions of conscious creation, the mastery of manifestation, and issues related to DNA embedding for manifestation are covered. Learn how to bring the heroic future into the NOW by looking at thought seeding, address a whole series of coding issues (cue code, DNA code, the count, Maharata projection code, the Rishiac Manifestation code) and deal with the levels of activation which correspond with these teachings. It is time to set aside the limitations of psychological, metaphysical, and old school spiritual guidelines for Insights into the higher capacities of your own Consciousness. This taped series will enable you to take up the mantle of responsibility for redirecting the chaos of your miss-creations into a Wholeness and Healing Oneness with the other aspects of your total Being.

The Guardian Races have returned to us a *simple method* to assist in *embodying our Divine Heritage* and *returning ALL of our Potentials*. 6.Revelations of Ra: The Pillar of Power and the Nadradon Awakening

(Introduction to Kathara Level 4)

Recorded live in Mexico, August 2004.

This workshop contains the introductory techniques and background information to Kathara Level 4 in a planetary healing/ Grid Masters program context and is only recommended for those who have studied Kathara Level 1, 2 & 3.

These **previous levels of Kathara are an essential prerequisite** as they contain information and techniques that provide the necessary understanding and activations that Kathara Level 4 is built upon. In Kathara Level 2 & 3 specific activations were performed to prepare the personal scalar shield, the personal Kathara grid, the DNA template, the merkaba field and the radial body for **re-awakening the Organic Crystal Body** and **Base Shield Bonding** through **activation of the Ra Center**. These activations allow initiation of the **POWER-KEY technologies** including the **Opening the Eyes of Ra** technique in Level 3, Technique 4B which utilizes the **Flame of Ra Ecka-Heliotalic Primal Life Source currents** and which is the FOUNDATION technology and minimum personal shield activation upon which all subsequent Levels of Kathara are built.

In Level 4 Kathara, we begin to use **Transcendent Eckasha-Heliotalic Currents** to initiate activation of the **ETHERIC BLUEPRINT**, the **PILLAR OF POWER** and the **CHARIOT OF FIRE**. This will begin the process of restoring our own AND the planetary Crystal Body alignment so that damaged portions of ours and Earth's shields can be restored to their **FIRST CREATION IMPRINT**.

The information in this workshop covers the anatomy of the **ETHERIC BODY**, including the **KA (Light) ETHOS** of the Lotum and the **Tha (Sound) EIROS** of the Lotum and the **MATRADON 1st Ecka-LotA cell** that they are contained within. Information on the **ETHERICATOMIC** interface and the interaction between our own and our anti-particle Ethos and Eiros Etheric templates also begins our understanding of **TiLE-a` breathing**, a process where by the Ethos, then the Eiros templates of the Etheric Body engage upon and move with the density Kathara template. When the Etheric and Density templates interface with each other, Spark Generation and **Etheric-Atomic Atmos Current Regeneration** occur, firing the **180-charge AdOR-A Flames**.

The anatomy of the **Nadradon, Zendradon, Kethradon and Ethradon Cells** are introduced, along with the **Lotosphere, Logosphere, Photosphere, Ovosphere and the Hovosphere**. Level 4 Techniques involve the **Til-LE-a` Nadradon Complex Electrical Activation** and include **Firing of the Rods, Cycling the Petals, Completing the Ancient 3rd 1/3rd Inhale, Pulling the Poison Pin and Transmutation of the D-1.75 Heart of Anubis Implant, the Gold-metallic Pin and the dense Gold-metallic Bucky-Ball C-60 Radiation Harness**. Workshop recording includes preparation for, and explanation of, a **Reuche Roundtable**, something that has not been performed on Earth for at least 5.5 million years.

This Round Table was crucial in releasing the 90-subharmonic Charge Spark, allowing the Earth to complete its ancient **Christiac Exhale/Inhale** sequence for the first time in 5.5 million years. Finally the first set of **Lo-GA Frequency Breathing Movements** (FBM's) are introduced for accelerated Crystal Body alignment via stimulation, clearing and charging of the Axiom-Meridian, Radis and Nadis Lines, DNA Template, Signets, embodied Chakras and Crystal Body Lotus Points. **Includes 22 page Pillar of Power Handbook - including 12 Logas Frequency Breathing Movements routines, Plus the Le-AdOR-A-UN-Esta-YUn-Ha-drA Meditation Card.**

This workshop was given whilst seeding all major Grid Sites on the 'mystical' (Tandem Grid) 'Michael-Mary' Line, working from the extreme North-East at St Margaret's Church, Hopton, Norfolk all the way to southernmost end near Land's End, Cornwall from September 24 through October 2, prior to the Grid Work climax at Stonehenge on October 3 2004. This workshop further develops our understanding of Kathara Level 4 in a Grid Masters Program context and techniques involve further activation of the **Pillar of Power**. Therefore this workshop is recommended to those who have studied and worked with techniques from the Kathara levels 2-3 Program and The Revelations of Ra, Mexico 2004 workshop.

In Mexico specific techniques were used to initiate the embodied Pillar of Power via Til-E-a' Nadradon Complex activation. In this UK workshop the **Zandradon Photo-Flame Cell** of the Ecka Base shield and **Earth Indigo Tribal Shield** initiates, the **Breathing Tube** within the Pillar of Power opens, the **Sha-Na-TA Arcs** are released from phase lock and the full '**8 Breath of Reclamation**' Breathing cycle initiates in Earth **for the first time since 13,400BC**. The **Reu-Sha-TA Spiral** within the Breathing Tube is restored to the Christiac imprint, over-riding the **Graviton-Sextant Vortex Sustem**. We expedite further the restoration of the personal and planetary **Diamond Sun** Anatomy by restoring individual Chakra Seed Crystal Seals to their natural Christiac Reu-Sha-TA coding via **Reu-Sha-TA Vortex code induction**.

These workshop materials cover the meaning and unprecedented implications of these events and activations in terms of Personal, Planetary and Universal structures and the current Universal drama and why the incorporated techniques/ activations are so important in preparation for **Planetary Kethradon Awakening**, December 2004 - February 2005 and **Planetary Pillar of Power Starburst** during Hetharo- May 27th 2005.
Workshop materials include: Review of Kathara Level 3 including the Transcendent Phase of the Transduction-Manifestation Sequence and the Lotum, LotE, Loti, Lota and LotA crystal Body Light Grids; Review and further explanation of the **Til-E-a' Sphere Refraction Screen** and densification (phase 6) of the Transduction-Manifestation Sequence: **Axi-A Tonal** and **Meridian** 12-line sets and further detail on the **Lotosphere, Magnosphere and Electrosphere**. Explanation of **Spark Pulse Currents**; the **Myonic, Dyonic** and **Eyonic Crystal Body** and their vortice grids leading to a deeper understanding of **Lotus Arcs**; The **Diamond Sun Body of the Krist** - the **'Sun of God'**; activating the Diamond Sun Body and **Heliopathic Rays** through Kathara Level 4 Techniques.

Understanding how Eternal Life Force Current is regenerated through the Pillar of Power and Diamond Sun Crystal Body structure and switching on the ability for **Life Force Spark Regeneration**; Deeper understanding of the **Eckasha Seed Atom** and the **Matradon** and **Patradon** seeds; Building the Pillar of Power and **Reu-Sha-TA reset** within the Pillar of Power Breathing Tube for **eternal life phasing**; explanation of the '**8 Breath Athonitilea Breathing**'; structure of **Chakras** as 4-way Reuche Vortice sets; Transmuting the Graviton Vortex system through **360 Reuche Pillar Starbursts**. **The 5 Zendradon Awakening Techniques**: 'A-Sha-RA-Reu-Sha-TA-Khem-a-lo-hatea' initiation; Opening the Breathing Tube (the 8 Breaths of Reclamation); Releasing the Sha-Na-TA; Restoring the Reu-Sha-TA Spiral to the Christiac Imprint; Personal Chakra Polarity Restoration via Reu-Sha-TA Vortice Code Activation, included on accompanying CD. **Package Includes**: 6 DVDs, 1 Technique CD, approx 130 page Chart pack and a set of 12 Reu-Sha-TA Chakra Meditation Codes.

8.The Kethradon Awakening : Starburst Pillar-13 and the Gifts of Rama: Recorded live in India, January 2005.

The information in this workshop is as profound as it is thoroughly inspiring as the Guardian Alliance reveal some of the secrets about the Planetary E-Cou-Sha Memory Crystal, the E-Cou-Sha-TA Complex, the Rama Passage, the Keys of Rama and the Rod of Rama .The intricacies of the "Starburst response" that is now upon us here on Earth are revealed along with the important role that Humans and Indigos play in guiding our planet safely through the next 7 to 10 years of this "Master Event".

In this workshop, you will learn about the activities of our ancient forebears in, who along with a Team of visiting EyanA and AdonA races prepared Earth for such a Starburst response should it occur during our contemporary times. The secret "data-base" of information left by these ancients is now being awakened as our Earth "calls to the keys" of this data-base in response to the Starburst. These so called "Rama keys" have been stored in our genetic Time Code Template and as Earth awakens to call upon these keys, the Human and Angelic collectives will receive one of their loudest "wake-up calls" yet. In this workshop you will also learn about the role of the Indigo "Flame Runners" and "Star Riders" in initiating and sustaining a safe, buffered Starburst response. These are indeed important roles since without these Teams of Indigos consciously assisting this planet in this Starburst response, destruction of our races through activation of an uncontrolled Red-Pulse could potentially occur. This workshop covers the intriguing history of the many Fallen and Kristiac Races involved in events that have lead to this current Earth "Master Event", including the origins of the Fallen Budhara Shan-Tar-EL races and the Budhara Retrovirus or "Andromeda Plague".

It also explores the significance of the Taj Mahal and its Sacred connection to Ancient Human Seeding One and the Rama Passage Gate Interface System. The site upon which the contemporary Taj Mahal Tomb Complex (aka "generator hub") is built is as significant as it is majestic in appearance and the role of this and other smaller tomb complexes is explored in relation to the current intergalactic drama.

Finally to transform this India workshop into an even more 'rounded' experience, there are two informative lectures presented by 2 guest speakers on the History of India, The Bhagavad Gita and Ayur-vedic Medicine.

Techniques in this workshop include: 'Anchoring of the Flame of Ad-Don-dra Eckasha E-Cou-Sha Capsule' which re-aligns the damaged Ketheric Kethradon Cell and begins removal of the effects of the Density-3 Metatronic Monadic Lens Cap "False-memory-Matrix" program (The Kethradon damage needs to be cleared to expedite a successful Rama Passage Host Buffered Starburst Response); Activating the Personal Ad-Don-Dra 360 Flame; The Lotus Bud Infusion and the wonderful E-Cou-Sha Crystal Breath Manifestation Seeding technique.

9."The Ethradon Awakening & The Ashalum Chamber, Etheric Gateway to the Stars"

Recorded live in Morocco May/June 2005.

The topics and techniques covered in this workshop include "Awakening the Ethradon" (the fourth 'radon cell' activation), "The Arc of the Covenant of Love" and the "Rainbow Bridge", the Psonns of Passage and the "SE'-da celebration circles", the "Ethason alliance", the "Ra-Sha-LA" and the "Um-Shaddh-Eie", purging the "Tauren Body", "Inorganics" and the "CALOR force", "Taming the Tauren" and related techniques, the Arametena Passage, the Ashalum chamber, the "Ra-Sha-Hallah", "Ra-Sha-LA" & "Ra-Sha-LA-ah" bodies, the Veils of the Ra-Sha-Hallah, the Seals of the Ra-Sha-LA, the Transcendental passages and finally, "Trans-identity Consciousness".

Exquisite footage in this workshop will take the viewer on a journey with Team Indigo through Morocco's glorious mountain deserts, Atlas Mountains, sweeping plains, bustling sea-side communities and colorful market places while they join the Emerald Covenant races in fulfilling the "Rainbow-Bridge Mission", also known as the "Covenant of Love". Team Indigo commences this mission with the introduction of the wonderful Songs of the Rainbow-Bridge, songs with origins in the English, Eieyani, AdonA and Haah'TUr languages.

Join the Team as they travel throughout Morocco on an "official ambassador" tour, singing the Sacred SE-da Songs,and in doing so, assist the Guardian races in reuniting the 12 Human Races, referred to at this workshop for the first time, as the "12 Ray-sa's" (Ray-Sa = carrier of the RAYS). Many Moroccans (particularly the Berbers) have ancient connections to the Kantarians and the long lost Procyone Races of Sirius C and many are still the "keepers of the Ethradon Seal Keys" that activate specific Earth grids in Morocco. Team Indigo's presence and activities in Morocco during the Ethradon awakening in turn assists in the activation of these Ethradon Seal keys which in turn sets the final Ethradon Awakening in motion (the final of the four "Radon cell" activations which have included the Nadradon, Zendradon and Kethradon awakenings). This workshop covers the information on the relationship between the Ethradon awakening and the anchoring of the "Ashalum Passage", another passage needed in addition to the Arametana pathway and the Rama and Polarian Gate systems to ensure a successful planetary Starburst process.

In this workshop, the viewer is introduced to valuable new information on the true nature of our "perceptual filters" and how the activities of the "Tauren Body" (also known as the "Demon Within" and originator of the "Glamour"), the metatronic "Calor Force" the "inorganics" and "Out of Control Aspects" (OOCA) within our crystal bodies can exacerbate the prejudice, fear and suspicion generated by our perceptual filters. There is also information on the origins and consequences of the Tauren Body and importantly, techniques on how to "tame the Tauren" within us, particularly when experiencing emotional turmoil. The techniques involve use of our newly birthed Ra-Sha-LA body (our Monadic Selves) to assist in clearing the "Calorene Force" in our surroundings, belongings and in loved ones (while observing strict Kristic protocols). The techniques also involve the use of powerful 3-point activation" breaths and both encrypted and unencrypted E-Cou-Sha-crystal replicas. Another important technique introduced at this workshop is the "Sadhi" sleep state, a state where one can take short physical rest periods (after the Dial-up) for 'refreshment' of energy levels and to receive transmissions from our Christos levels and higher. Finally, this workshop introduces more of the fascinating anatomy of the Monad and its formation through the complex interaction of phasing of the 1st and 2nd Partiki that characterize God Source. This anatomy encompasses the First creational Sound Tones associated with the first in-breaths and out-breaths of God Source consciousness and which have 'evolved' into the many of the Sacred Sound tones and words that we know today, such as "TRa-Na-TiE" or as we know it, "Trinity". This same anatomy encompasses the structure of the Inner Hub Worlds, also known as the "Bud" Worlds, home to the High Council Hub Masters, the HaahTUr's, (Founders and Guardian Races from the Eckasha-A level of Creation) and from which all the "Outer" God Worlds originate. Comes with 12 page supplement containing the Psonns of Passage.

10."Whispers of the RashaReishA

Revelations of the Unspoken Ones, the HaahTUr's and the HUB; Introduction to the Monadic Masters, the Hidden Worlds of the Yunasai and the Path of the Kanatareiah."

Recorded live in Phoenix, September/October 2005.

In this workshop, we are introduced to the Hub Masters, the HaahTUr's, a Founders and Guardian Race from the Eckasha-A level of Creation who are assisting Earth Races in this now rapidly changing Universal and Galactic Drama. The latest 'open' emergence of the HaahTUR's is a significant addition to the growing team of Guardian Races (Eieyani, EyanA and AdonA from the Ecka and Eckasha). The HaahTUr are the first step-down communicators from the Hub World "Unspoken Ones" who are currently involved in bringing the continuing Monadic Translations to Earth; and, around whom the focus of the information in this workshop surrounds via the 'Teachings of the Hub' and associated techniques which have never before been translated in Density One.

The information regarding what the "Hub" is and does, and the reasons we are being given this information, is presented in the context of an excellent update and summary of the Universal Drama that has occurred since the 'opening' of this stellar activation cycle (SAC) under Plan A in the year 2000, through to the closing of Earth's Stargates under Plan 'I' since September 2005. The information and techniques in this workshop give us all an opportunity to open the "Hub-connection" within ourselves in order to prepare for the Hub frequencies to open on Earth via the ancient Temples of Kanatareiah. This will enable the continuation of a variety of "evolutionary options" to remain viable on Earth as we move through the next few years and also ensure that Team Indigo can continue to assist all Guardian Races in keeping these evolutionary options open. The location of the Inner Hub Worlds is explained in this workshop in addition to their relationship to the Eckasha-A, Eckasha, Ecka and Veca Universes in terms of their location in the 'outer space' hologram and within our own anatomy. The exquisite knowledge of the SOUND tones associated with the first levels of Creation are introduced, allowing us to link the names that we have become familiar with in the Freedom Teachings (such as Yunasai) with their origins in the vast process of God Source Creation. We get a glimpse of the complexity of the spheres within spheres anatomy of the Partiki dynamics before the Creation of the Monad and the myriad of sound tones (including 'RashaReishA') at each level of the Inner Hub Worlds that reflect an intricate and infinite Sacred Creational language.

The pentagram "key code" is introduced in this workshop and information is given in terms of its ability to trigger merkaba travel into either Black Hole matrices or the Hub depending on how it is used. Importantly, this workshop also contains a detailed over-view of the 'distortions' within our solar system including Earth's tilted axis and 'wobble', Earth's magnetic magnetosphere (tilted 11.5 degrees), the electrical magnetosphere (tilted 23.5 degrees), the "poison apple" appearance of the magnetosphere, the Yin-Yan flow distortion, the REAL "trumpets" and how Earth came to have an unnatural 7.79 Hz differential field. There is also a brief history given of the progressive damage that has occurred to Earth's natural merkaba fields starting from 5.5 million years ago up until present day and how the Fallen Budhara Races are now using ancient grid systems on Earth and on other planets in our Universe including Telus and Tiamat to activate a large system of wormhole vortices to advance their Ecka-Veca take-over bid. Given this workshop contains comprehensive summaries of the Universal Drama, Earth's progressive Fallen Angelic-directed damage and the current Solar system distortions, it can be enjoyed by both experienced Keylontic science students and newcomers. For adequate efficacy of the Hub techniques however, prior study and familiarity with Kathara Levels 1-2, 2-3 and 4 (introduction), in addition to the Flame Body activation are required. Includes a 13 page supplement with the HUB Activation Technique and the Psonns of Passage.

12.Testaments-of-Outrageous Renewal-Revelations 2006 - Treasures of the Tower & the Secret Garden

Jewels of 1st-Creation, ‘‘Restoration of the Light-Fantastic‘‘ & Reclaiming the KEYS to the Sacred Garden.

Recorded live in Tenerife February 2006.

Topics and techniques covered in this workshop include the Star-Fire Initiative, the "Ta-KE-yon Cycle", "Encryption", "The Jhardon of Edon", "The Middle Domains", "The Inner Hub Worlds", "The Diamond Door" and "Restoration of the Tauren". In Tenerife, the Freedom Teachings take an exciting turn as the Density One Team Indigo takes up its all important role in assisting the numerous Guardian Races within the Middle Domains and Inner Hub Worlds in directing this Ecka-Veca Universe through the monumental process of a Star-Fire Cycle. Never before has this level of information been needed here, or released here in Density One. After the dramatic events during the June 2005 Morocco workshop and the 'Evac Engage' news during the Phoenix workshop in October 2005, Team Indigo has once again been given the opportunity to participate in a process even more profound than the Starburst process (outlined in the India January 2005 workshop HB). Not only are Team Indigo going to be assisting in maintaining the option for an ascending path for their own and others, they will also be assisting in dispensing information that will help those Races on the Path of the Cal Fall (see FOL workshop London January 2006) uphold the Kristic principles of Love, Self-Sovereignty and Freedom.

This workshop contains some of the most detailed and profound information that has been released so far in contemporary times but at the same time is refreshingly inter-connected with the information that has been presented previously in both Keylontic Science and Kathara workshops. The first lecture in this workshop covers important information on the nature of the Star-Fire Cycle and an orientation of the structures and events that are involved, including the Jhardon of Edon, The Tauren Light unit, the Eternal Lotus Seed, the "encryption" process and the Ta-KE-yon Cycle. Information is given on the structures within our Ecka-Veca Universe that are intricately involved in the Star-Fire process and the 'anatomical' relationships between the Outer Ecka-Veca, Eckasha, Eckasha-A and Eckasha-Aah Worlds and those of the Middle Domains and Inner Hub Worlds.

These relationships are explored in depth as the workshop progresses allowing us a deep understanding of our role in this Star-Fire process here in Density One. After the general anatomical over-view, new and detailed information is given on the "Bones and Balls" of the Hub Worlds and how they connect to the Ethos-Eiros Etheric templates (introduced in Mexico 2004) and the Hova and Radial Bodies. In order to deepen our understanding of the "Encryption" process inherent to the Star-Fire Cycle, detailed information is also given on the role of 'encryption' in the very first Creation Cells and the mechanisms of repeated cycles of expansion and contraction according to the Krist code held in a 'hydro-gellasic form of 'encryption'.

This is the first workshop to explore in depth the difference between Creation (at all levels) as governed by the Krist code and Creation as governed by the metatronic code and is clearly demonstrated by illustrations of the Eternal Life Crystal Spirals and the finite-life Metatronic Spiral (derived from the Golden Mean). The First creational Sound Tones are explored to an even deeper level than in Kathara Level-4 in the context of this First Creation process and are also put into context more clearly with respect to the origins of certain words in our language including, 'intention' and 'electricity'.

For the Universal-mechanics-minded, this workshop is also full of information on the Budhara Black Hole controlled Gravitron and it effects on our Universe, in particular our Earth's tilted axes, Earth's Electro-static harness Sho-na Field (exemplified by the Tube Torus) and the progressively increasing psycho-tronic pulses which are being inflicted on Earth's populations as planned and directed by the Fallen Angelic Final Conflict "Atlantean Protocols". Although more history of our Universe and the events that have lead up to this Star-Fire Cycle will be given in future workshops, there is new information on the Fallen Angelic Group called the Thetans and their role in the Gaian-Orian Wars and the creation of the Twisted Tauren. Finally, the technique "Restoration of the Tauren" heralds the close of this wonderfully informative and exciting workshop.

13.Two Moons Rising

Easter Weekend, April 2006. Recorded live in Phoenix, AZ.

Discover the beginning processes involved in the expedited TaKEYon Activation Cycle, which is beginning 9 years earlier than planned, to override the activation of the Threshold Spiral, which has been 'arranged' by a Fallen group called the ThE-tans. Early TaKEYon Cycle activation and the timing there-of, will be crucial in order to 'intercept' the 'Threshold Spiral' which is capable of taking all the structures and associated Life-Forms in this entire Ecka-Veca Universe, that were previously headed for either the Ascension Path or Cal-Fall, into Sho-na Black Hole Fall.

The expedited TaKEYon Cycle, that the Indigo Team are now assisting in, will be critical in preventing this intended ThE-tan take-over and providing an alternative Cal (Guff) Fall path for hosting Fallen Races AND of course in maintaining an ascending path for Kristic Races into the Middle Domains and Inner Hub Worlds for a successful StarFire Cycle. Provides updates on the current status of the drama we find ourselves in the middle of. Tauren Light Seed activation, steps 1-17 (aka Preliminary Sequence: 'Setting the Creation Program' which prepares us for Preparing the programming medium" and "accessing the Creation Program" in the steps 18-22C and then in the final steps 23&24). Assistance from Christiac Races, Rainbow-Sun Krystal-Matrix Speakers, assisting us to experience "Absolute Love", with progressive levesl of ReShaLA training. Training our internal eyes of RaShaLA, the deep inner space of the Sadhi SAta state and the 'cock-pit' of Creation. Remembering ourselves with our ancient White-Heliotalic Cosmic garments, which we'll be wearing when traveling within our Ra-Sha-LA and Sadhi Spheres. Linking to the Urtha Host Shield for personal activation of the 1728 personal Edon keys of the expedited TaKEYon cycle, needed to enter into the Hub Domains. Keylona Sparks, Keylon Crystal Fire Letters, Keylon codes, fire-letter sequences, the kelontic lattice, The Piatso Electric response, the Spark of Adama proto-sparks, firing of the fire-letters, The Keylontic Keys, the KaSha keys, quatum differentials, quantum equilibrium, harmonic keys, the Keys of E-na Ka, PkE quatum building Cycles, Photo-sparks, Oscillation of the Ta-Ur, the Ta'Ur hydrogen bond, the Ta-KEY-on neutral field, the Ta-KEY-on flash point, HELI-OM, the STILL point, The Zero Point and the Winds of Allah/AllA. Learn how the Winds of Allah-AllA through the generation of spark currents flowing in and out of the Creation Point at the center of the Na-DA-Ur or 'Diamond Doorway'. Avoiding the Serpent Spiral and joining the newly formed Rainbow Spiral. As a result of the formation of the Rainbow Spiral, we had an opportunity to experience the engaging of the 'Night of Two Moons', as spoken about in the Voyager Series, but as it occurs during an Assisted StarFire Cycle. And much more! Integration of previous levels of Kathara® suggested.

14.MCEO Grid-Keepers Communion Conclave - 1

Elemental Commands, Cellular Secrets and the Aurora Potential - Glass Towers, Crystal Canyons And the Aurora Force

Recorded Live - Mount Shasta May 26, 2006 - Presented by A'sha-yana & A'zha-yana Deane.

Join Team Indigo on their first "official assignment" as a Density Templar Team in Mount Shasta as they take partake in the "**Official Handing over of Telos Gate**" and instigation of the "**Redemption Contracts**". After the Tauren Level of the Ta-KEY-on cycle was completed and the Tauren re-birthed and restored to its natural configuration (occurred during the Easter 2006 Phoenix workshop) Team Indigo gathered to assist in completion of the re-birth of the natural Diad (3:3:3) StarLight and Miad 6:3:6 StarSeed Levels of the Ta-KEY-on Cycle.

Experience an amazing technique with Team Indigo called "**The Urtha planetary MIAD StarSeed Rebirth and Monad Reclamation**", where Team Indigo acted as a living conduit for the frequencies of the natural Miad rebirth that were arcing from the Sala's (Sun) shield to UrTha's shields, allowing the ancient (pre-Earth) Ur-Tha to serve this same role for those portions of the Earth shield and life-fields capable of anchoring the "Host of Aurora". In this technique, experience the "*Gift of Eternal Love*" and the "*Return of the Aurora potential*" and learn about the "*Aurora Force*", a set of frequencies gifted to us by the "**E-Sha-NeU-A Races**", one of the 12 "Aurora Races" (The Guardian Hub Cross-Through Races that resided on the ancient Density One planet Ur-Tha before undergoing its StarFire Cycle 550 million years ago and before Earth fell from Tara and was hosted into Ur-Tha's Shields as part of the Amenti Rescue Mission).

Learn about how the activation of the **Aurora Force** has the ability to restore not only an **Eternal Life potential** to the Indigo Shield and many parts of Earth and her Life Forms, but also to create the potential for many of the Fallen Races within this Time Matrix (including many of the Anunaki Races, Budhara, Belil Mahatma and the Wesedak Races) to accept "Amnesty Contracts" which will allow them to exist in a Finite but Kristic Evolutionary Universe separate from the Wesedrak/Thetan Metatronic Black Hole.

In this workshop, you will work with these Aurora Forces to begin activation of the "**Krystar Containment Vehicle**" through activation of the natural "**ReU-Ta Clusters**" which will prevent activation of the 5:5 mutation and the "Death Star Harness" associated with the Metatronic Black Hole Evolutionary Path.

You will also learn the delightful melodious base-tones for the **First Song of Aurora**, which will assist us all in accreting the Lights of Aurora within every physical/atomic aspect of our Density One bodies.

This workshop also contains one of the most fascinating accounts of the origins of the Fallen races (including the Equarie, Wesadaks, Wesedraks, Thetans and the Red and Green Dragon Races) and the Guardian Races (E-Sha-NeU-A, Aquarie- Bendhi and the Golden & Blue Dragon Races) within this Time Matrix and also a profound dissertation of the "WHY" behind the Drama that has been associated with this Time Matrix and those associated with the adjacent Eckasha.

17.Sacred Sexuality & the Art Of Divine Relationship Part 3

Divine Coupling-Intimations, Explorations & Cosmic Connection. Part Three of a three part series - Recorded Live in Virgina Beach, VA 10-2006

Join Team Indigo alongside lovely Virginia Beach as they experience their first **Crystal Communion** while receiving important frequency transmissions that will assist them in supporting Earth and Earth's Elementals & life forms to join the **Urtha Host** and progress through StarFire.

In the previous two Sacred Sexuality workshops, the Team activated their personal Um-Shaddh-Eie's in order to generate the **Rheuzetta, Rhosetta and Rosetta** currents that correspond to the Inner, Middle and Outer Domains. All three R'setta codes play a 'key' role in restoring the natural Kristic orientation of our Outer (World) Yon-A-Sa Seed Atom at the AzurA and will progressively clear the distortions within our ReushaTA spiral, allowing us to generate Kristic (rather than metatronic Sextant) Keys when engaging in sacred sexuality or sexual coupling. In order to be able to more fully appreciate and utilize these fabulous Symbol Codes, Team Indigo has now been gifted with the **Kama SU-tara Transmissions**. The well known **Karma Sutra** information also comes from the CDT plates but today, contains little of the original Ka-Ma SU-tara Transmissions, which cover information on how to generate, transmit and co-create powerful Kristic frequencies with partners and others in a Kristic and responsible way for the purpose of enhancing connectivity to God Source and for the immediate purpose of strengthening the Indigo Shield. Many English words have derivations from these transmissionincluding **Ka-Ma** (karma), **Ma-Ta-Or** (matter), **Wa-Ta-Or** (water), **Ga-Sa** (gas/air), **Va-pa-Urs** (vapors), "**Or' Den'ation**" (ordination), "**Or'Ation**" and "**AdOr-Ation**" (adoration).

The transmission also involve several techniques including '**Heart Healing with the Um-Shaddh-Eie', 'Field/Chakra Screening via Prana Joule Key ALon Buffer**' activating the '**Knights of Aurora**', '**Screened Chakra Linking and Co-resonant Breathing**' and '**Running the Kama SU-tara Flow**'. In this last technique in particular, you will be activating the **Kama SU-tara Lines**, which trigger the production of **PRANA**, a Primal Life Source Current that is able to provide powerful protection from the increasing reverse currents of the Threshold Spiral and to free ourselves from the deeply embedded **Victim-Victimizer Program**. There are Nine 'Escallation Stages' of the hideous Victim-Victimizer Program that have been encrypted by the Fallen Races into the Sextant Shield of this planet and systematically embedded into all levels of manifest forms, from the level of the first creation geleziac states to the Crystal Body, through to the DNA. It has the potential to 'play out' in all life forms on the planet rather like a virtual reality game.

Using the gift of 'Knowledge', our 'Free Will' and these wonderful new technologies however, we can choose to inactivate this program in our own lives and prevent our bodies and biofields from generating Sextant keys to feed the Threshold Spiral.

Learn about "Element-3" (Lithium), one of the most mutated elements that carries a specific reversed coding that allows reverse sextant crystals to attach chemically and build up in the body. Learn more about the First Creation StarBorn Sequence, "the process by which the First Creation was set into motion and continually rebirths itself in a Living System" and the multiple steps from the point of Harmonic Key formation all the way to formation of Elements and Matter (involving Key A'dOR'Ation, Key Or'Ation & OrDEN'Ation, Key Distillation, Key Crystallization, Key Compression, Key Activation, Key Objectification, Key Opalisation, Key Ionization, Key Condensation, Key Molecularization and Key Materialization). Learn also about the Trinity of "OrA's" that form three groups of 5 layers around the pkE (egg-shaped Or'Ta Clouds or Orbit), which form the basis of the 15-Dimensional Universe structure and which underlie the formation of the three main Body Crystals: the **Alon blood crystals,** the **ShAlon bone crystals** and the **KAylon skin crystals**. Each of the 5 layers govern the first the **5 Elemental Commands**: i) E-ta-Urs (Ethers); ii) Urtha (Earth); iii) Wa-Ta-Ur (water); iv) Ga-Sa (Air) and v) Va-pa-Urs ("Fire"). Enjoy and welcome to Team Indigo's first Crystal Communion!

In addition to the technicals, A'sha also filled us in on the Drama and the 'position' of a number of fallen races such as the Budhara and the Wesedak associated races (Jehovian and Enochian Anunaki, Archangel Michael collectives etc). There is something called a 'Cross-Back' Contract whereby the Wesedak associated fallen races may still have a chance to avoid Wesedrak Fall through something called a 'Balance order', so they can maybe experience a more 'peaceful' finite evolutionary path back to God Source (after eventual implosion). Because of the fall of the Tothian Shield, the timeline for StarFire had now been extended from anywhere between FOL and 2047. My understanding from what A'sha was saying was that, the longer we can remain here, the more life and matter forms (and Elementals!) we'll be able to host through the StarFire with Urtha.

Some of next year's 12-Tribes Training will be directed towards consciously 'holding' the ShAlon-7 Shield in Phoenix and Alon-7 Shield in Colorado and at the end of 2 years of 12-Tribes Workshops, in 2009, we will aim to have the full compliment of ½ of 1728 people actively participating in 'Spanner Rounds' (the other half being on the AdOR-A side). We will be creating a kind of collective or set of 'screening bubbles' that will allow collectives of Beings all over the planet to connect into the Arc #7 Urtha Gate. This has to do with the Gyrodome 'thingy' that is run by the **Aquari-Bhendi** and **Aurora** Races. The Gyrodome will open a set of networks that open into Arc #7 through the Polarian Gate system (in the Primal Light and Sound Fields) that are connected to the Rama Passage and AdorA Gates and which are connected into our Universal Arc Gate System. Last but not least, this was the first workshop where we were treated to an **Indigo Talent Show** where members of the Team sung songs, danced and performed skits. Disk 6.

18."Festival of Light 2007 – *Transcending the Towers of Threshold; the Crystal River Union, and the Arc of Aquari*". Filmed live, Phoenix 1-2-07.

Join Team Indigo in the most important event to occur in the Stellar Activation Cycle to date. The first ever workshop in which the Guardian Races put out a call for as many as possible to be physically present to assist in anchoring the "***Krystal River Frequencies***". A "crucial point' in this Stellar Activation Cycle and an attempt for Kristic Races to take back control of *Arc Gate 7* and open *Spanner Gate 7*.

Remember the *Aquari Races* and the *Kristic Coalition Guardian Races* as they present the most important information to date that could keep the Indigo Shield, if successful, from falling to black hole status by returning the ancient and very secret knowledge of the Krystal River Technologies and activation of the "*Gyrodome Network*", in an attempt to reverse 2/3 of the reversed frequencies amping up from the Threshold Technologies and the "Crystal Towers" by the Red Dragon races in their attempt to reverse the Indigo Shield and take down Urtha and All Kristic Races in the process. The first of a 3 Step Activation Process that, if successful, will allow for Kristic Ascension to remain an option to Earth Life through the 2047 – 2051 StarFire process as we enter into the "*Adashi Return Cycle*". If done carefully, the Earth can be aligned with the "*Organic StarFire Point*" and the Kristic life forms, which are able to anchor the Krystal River Frequencies, to ride back into the *Edon Domains*. Successful activation of the "Krystal River Technologies" would also create something called the "***Lone Star Path***" that would allow for life forms falling to fall out of the direction of assimilation. Discover the "*original point in time and reason*" for creation of the **Victim / Victimizer Game** and how it found it's way to our Ecka-Veca System and why the Red Dragon Races are key anti-kristic players in the current drama as the Calvary (Blue Dragon Kristic Races) come on line to assist Kristic Races. A brief history is given of the Borenthasala Races and the "*Great 6-6-6-6 Quarantined Polarity Experiment*" and the *Time Rip Technologies* that invaded our Ecka – Veca system. Presents knowledge of the Dragon Crews responsible for moving and influencing people on planet to fulfill the WW3 drama and One World Order Campaign as well as introduces the 12 Feather Kristic Races.

Techniques include: An Edonic Upgarde that will allow for merger of our Edonic Body with our Physical Body and the ability to anchor the Krystal River Frequencies well. Optical Pineal Induction of the new Flame Codes, the **Reuzhetta - Inner Elemental Reuta Root Cell**, **"Inner Flame" - RaShaLAe Sacred Heart Encryption**, the **Yunasai with Inner RaShaLAe Flame**, the **Core Flame - "RaShaLAe Wind Song Encryption Code"**, and the **Rosetta Code**, as A'sha-yana receives Live, the tones to assist that process. These codes are the "linking codes" from the Outer Domains to the Edon Domains. **Features a 'Quick' Review of the most important information given in the last six years to assist in understanding the current status of the larger drama.**

Partake in the beautiful Tri-Matrix Kama-SU-Tara Crystal River "Arc of the Aquari" Rite ("wedding"), of NU-en-Ah-TA-Sui - *'Called of Waters'* (A'sha-yana) and Ah-DE-TU-pa - *'Great Golden Cloud Walker'* (A'zha-yana) as anchoring of the Krystal River Frequencies prepares. This ceremony is for ALL Kristic Races and will allow combing of our *Fire Krystal Codes* with our *AdonA Twin Self* to co-create a **Double Christ Star Krystal Capsule Activation**. Concludes by Anchoring the Krystal River and Returning the Gift of the Arc of Aquari.

19."The Krystar Awakening and Starfire Maps and Solar Gates, Prana Seed and the Aqualene Sun"

Recorded live in Phoenix April 6-8, 2007

In this workshop, discover the dramatic events surrounding the most recent change in our Solar System's evolutionary path and how it will affect Earth, our Sun and this Ecka-Veca Universe. In response to these events, the mission of the 12-Tribes classes has been 'upgraded' to include activation of the Aqualene Sun and the "**Shield of Aquafereion**" within the Indigo Shield. These activations will allow for the temporary activation of Earth's **Ra-Sha-LAe Body** and thus Earth's ability to *breathe* the Krystar Eternal Life Cycle frequencies through the process of "**Prana Exchange**". Hear an *amazing* lecture on the Krystar Eternal Life Cycle and discover the long awaited missing pieces of information about the Creation sequence occurring between the Light Born & StarBorn Cycles and the "Big Bang" which formed the Outer Eukatharaista Body & Outer Worlds. Learn about **Par-TE-Kei Templates** ("dark matter" as today's science refers to them), the RaShaA, RaShaLa, RaShaLE, RaShaLAe, ReiShaLAe, ReiShaLE and ReiShaLa Bodies (also called the **Seven Suns of God**) and their associated Domains (Core, Inner, Middle and Outer) within the **Eckashi Expansion** and **Adashi Return** Cycles, the **Eyugha** and **EyAda** time cycles, the **Sa'dhi**, and **SĀ-ta** states and two more states of consciousness called the **YŪ'mah** and **Yuna-SE-Da States.** Discover the fascinating embedded Planes of Existence within the 15-layers of Earth's and Urtha's bodies (the **Vertical Maps of Earth and Urtha**) and how the 12-Tribes-I classes and their journeys will be progressively opening the 15 "Rings" of the passages between our Earth planes of existence and the Aurora Zones of Urtha.. Participate in the wonderful activations that involve the **Aqualene Transmissions** and the beautiful **Aqualene Fire Water Flame.** Includes two technique cd's of the **Urtha Adashi Temple Access - Key Journey**. A very important journey to begin our travels to the Adashi Temples.

20.The Krystal River Dance

& the 1st Dance of the Cycle of 'Last Stands'; Machu Picchu-Caral & The Sacred Valley Recorded Live in Peru May 2007

Enjoy the breath-taking scenery along the rugged desert mountains and lush high altitude valleys of Peru while experiencing the first **"Slide"** into **Aquarius**, the **New Ascension Earth**. Travel with Earth's Team Indigo on the "RaShaLAe Projection Journey that started the process of progressively opening the Ascension Passage between Earth and Urtha. Hear all about the amazing multi-networked Ascension Passage (**An-Sha-TA-Sa Passage**) and its relationship to Human Tribe Seedings Two and Three. Learn about the FOUR levels of 3-dimensional reality fields, the first of which was created by a series of passage openings including Level-1 activation of the Gyrodome and the Aqualene Sun during this Peru workshop. The Seeding Three Aquari hybridization programs allowed a small proportion of the Aquari/Indigo/Human hybrids to pick up the keys to not only the Seeding Three passages but also the Seeding Two passages (called the Aquafereion NavAHo Indigos and Humans). These Indigos and Humans were commissioned to visit specific sacred sites (linked to the Ecousha Platforms and Aurora Zones) in Caral, the Sacred Valley of the Inca's, Cusco and Machu Picchu. Learn about the fascinating and ancient history associated with these beautiful "archeological sites" that date back to Human Seeding Two and how they relate to the Seeding Three (Astura) and Seeding Two (Aquafereion Krystal Heart) Ascension Passages and the mysterious subterranean cities of **Ah-RU-NE-Wa** and **Ah-RU-NE-Pet**. Enjoy the wonderful lectures on the Krystar Vehicle, the Eternal Krystar Cycle, 'RaShaLAe Body' activation, the Aquafereion-NavAHo Cousha-Cluster Takeyon control cluster at Sachsayhuaman, the fulfillment of the expedited Aquafereion RaSha Na-VA-Ho Trans-harmonic Cycle (including the Comu Nava, NavE & NavA harmonic) and the beautiful new StarFire Ascension Map with **Ah-Mu`a ha-DA** (AdorA side of Machu Picchu), **Esh-fa-Ta-RA** (in Maui) and **Ah-SA-LE-Yon** (eTOR-A side Aurora-2). As the workshop draws to a close, celebrate with Team Indigo as they hear of the successful opening of Floor-4 of the Adashi-7 Temple, activation of Level-1 of the **Gyrodome** and **Aqualene Sun**, merging of the Aurora-1 Subterranean and Aurora-2 Cloud Cities (allowing opening the Level-1 **Aurora Slide Zone**) and momentous Seeding Two Krystal Heart NavAHo Code *upgrade*, initiating upgrade of the Seeding Three Aquarie-Human and Indigo-Human and Angelic Human ascension codes!! Includes a 29 page handbook, which includes a Color Code Mural, painted by A'sha-yana Deane per Guardian Direction.

Journey to 'LA-HE de Sala-Sira" - Edonic "Healing Temple of the Central Sun" (Edon Sirius B, Den-2).

This Workshop is about the Cosmic Evolutionary Cycles we are entering into, and what it means to enter the **KaLE-Hara Transition Cycle,** after a **KaLA Eyugha End Cycle**. When a system enters the KaLE-Hara Cycle, which we have done as of August 12, 2007, 3 distinct paths become available. The first path the **KaLE-Krysta Cycle** is the name of the Ascension Path, and ascension means taking the body with you. The Ascension Path starts with the turnaround out of the **4th Eckashi Expansion Cycle**, and into the transition KaLE-Hara Cycle, which is before the **Adashi Return Cycle**.

Also included with the KaLE-Krysta Ascension Path is what is called the **Hosted Ascension**, where we have a period of time of Host on this planet left (223 years), where we can incarnate into an **Aquafereion Regenesis Body**, if our present bodies cannot make the shifts. The second path is the **KaLE-RAma** step back, rebirth cycle, where one does the Middle Edon, then the Outer Domain Cycles over again, and it is neither a fall nor an ascension path. The third path is the **KaLE-DEma**, which is the path of fall. The life forms on this planet will be taking one of these three paths. The Ascension Path ties into the Vertical Maps, the Journeys, the Aurora Slide Zones, and New Ascension Earth, which the Easter & Peru Workshop also covered.

Introduction to the Teachings of the **KaLA-Um-Sha-TaRA**. These teachings are the first part of a set of 3 encyclopedia sets, which are collectively considered the **Books of Adashi**. The Books of Adashi correspond with the 3 Ascension Adashi Return Cycles, and shortened are called the **Book of KaLA**, (first set that corresponds to Adashi Cycle One, and "graduation" from the KaLA Eyugha 4th and last Eyugha of the Eckashi Cycle), the **Book of ShaLA**, (ShaLA corresponds to "graduation" from the Adashi-1 Edonic ShaLA Eyada Cycle, into Adashi-2 AahLA Eyada) and the **Book of AahLA**. (AahLA corresponds to "graduation" from the Adashi-2 Adonic AahLA Eyada, into the **Luma EturNa** Cosmic Krist Body, and return to God-Source). These teachings are a part of the extended teachings of the **Maharata Texts**, but the Maharata Texts were for the Outer Domain Cycles. The Books of Adashi are for ascension through the Core Domains and are huge, and these teachings have not been translated on this planet before.

Because there was something very large taking place in the 24 hour period of August 12th which has never occurred before on earth or in our Solar System, the Beloveds came in live on Friday night to tell us about the three techniques that corresponded with the **KaLE-Hara Turnaround and Celebration**. This has three parts to it, and the first part is anchoring the **Sala KaLE-Hara Krysta Wave**, through the Sala KaLE Chambers. These are a set of Solar Passages that go from our Universal SG 4 Sala, which our sun is hosted within, to the Spanners of Urtha to Earth. In Mondays Journey we also made a connection to the **Sala Sira Chambers** that are a set of chambers that connect to the **Density 2 Middle Domain Sala Sira Edonic Temple of the Central Sun of Sirius B**. This allows us to move into the KaLE-Hara Turnaround Transition Cycle. This turnaround point is a very special cycle, and there are two shifts to this cycle. The first shift is called the **KaLE-Krysta Cycle**, (90 degree shift), and when that is fulfilled we move into the second shift, which is called the **KaLA-Krystar Cycle** (180 degree shift). This is a celebration as the KaLE-Hara Cycle moves us into the 2 shift cycles of the **Krystar Activation** and turnaround that we need to do before we can enter the **Adashi Return Cycles** back toward the Consciousness Field of Source.

22.'The Greatest Love Story'

Resurrection of the Kryst, Dawn of the Aqualene Sun, and Living the Legacy of Love.

Recorded Live, Virginia Beach, VA – September 21-25, 2007

Join Team Indigo for an Amazing Workshop Event that offers so many **returned Gifts and Love** for our **Expedited Healing** that those in attendance were in awe of the Amazing Healing Love of Source. The events that unfolded during this workshop allowed for a **40 Year Time Leap** which was needed due to the *Red Dragons plan for Official Disclosure, and invasion of earth*. The solution to this situation has returned **access to physical Slide Zone 3,** to Ascension Races, (called *Aquafereion*), which corresponds to Density 3 of **New Earth** (*Ascension Earth*), opening the Sala Sira Chambers from Density 2 Sirius B Edonic Temples through Sala and into our System.

Includes *3 activations* that came in live during the Workshop, and that correspond to activations in the Aquafereion Shield called "**Transfiguration Points**" (TFP,s) 1,2, and 3 (first 3 of 7 TFP's), corresponding to points in our *Kristiac Time Cycles* called the "**Birthday Chart**" (and in Ecousha Centers in our bodies) that *have never been activated* due to the Metatronic Sextant Time Clock (creating the TimeKeeper). These TFP's speed up our Base Pulse Rhythms (BPR's), to the highest point which corresponds with that of age 33, and allows us to begin to return the ability to **Transfigure our matter into Spirit**, which is an essential prerequisite for Ascension.

Features new graphs and info on what this entails, as well as a Journey which brings into our personal anatomy specific sound tones that activate the TFP Interface areas (Ecousha Centers) in our bodies. These Activations and Journey allows us to **clear the mutation in our tailbone** (first of the first 8 Cells) and **clear the C 60 Carbon "Bucky Ball"** floating in our **Pineal Gland** (Activating the 3rd Eye) *allowing those "Ascension Able" to maintain the age 33 activation level until the point of Slide into New Earth Slide Zone 3.*

Fascinating new information on "**Fetal Integration**", and our natural **Birthday Chart** (our *Kristiac Time Cycle*). Reaching TFP 3 Level allows the Aquafereion Shield to be "*Slide Zone 3 able*" in case of an emergency. This means we do not need a 3 day Evac, but can be pulled physically to Slide Zone 3 if the planet experiences sudden earth changes.

Activation of a **Hydrolase Conversion (HC) Wave** during the Workshop, which the Aquafereion Shield caught and stabilized, first activates in our bodies, then we began the healing of the ocean waters, which in turn allows the waters to begin to heal us. Allowing the elemental matter body of water to merge with its Spirit Body Counterpart creating HC, and this is connected to what is called "**Solar Symbiosis**" (being refueled by the sun, which is what **Breatharians** do).

Opening of Earths' Organic Akashic Record (*Planetary Hall of Records*), which was closed by 2004 end due to the Fallen Angelic Drama escalation and allows for opening of the **Personal Hall of Records**, returning the **Master Eternal Divine Blue Print Memory Matrix** for our planet, allowing Kristic Races to not only bring the *ARC Hub Gates* on line, but also the activation of the *New Amenti Gates* (recreated in 2003 Hetharo Workshop), as well as the *Trinity Gates* (Base 3 ARC Interface Gates previously shut down due to LA-estakh'i Wormhole Triangulation activation) allowing for more Ascension options for some of the Elementals and Beings of the Planet even though the Planet is still in a Fall System.

Reprogramming of the **Nibiruian Diodic Crystal Grids** (NDCG) located in the crust of the Planet (done in a shield Clinic at the Labyrinth in front of Edgar Cayce's ARE Center in VB) **releasing the Net Fields**, which have blocked the Hall of Records, and allowing the NDCG to begin running Host Frequencies. Details exciting news of **Jeshua 12's physical return to the Planet and when**. Includes a *chronology of historical and recent events* that has led to where we are in the Drama, as well as the vital *Activation* called "**Raising the Eiradonis**" (Spirit Body of the AdorA side) which reunites us with our *Original Biological Template*. All of these activations combined allow for the return of a Planetary Mass Awakening … … at some point … …

2 Technique CD's contain:
1) Resurrection - "The Raising of the Eiradonis"; "Resetting the Eternal Life Divine Blueprint with the Atomic Core".
2) Chadra journey - "The Akashic Record Activation"; "Opening the Hall of Records and the Akashic Memory Crystal".

23.Legacy of the Lost, Freedoms of the Found, the Milky Way Mysteries,

Halls of Records and the "Jesus Codes"

Filmed live, Amsterdam Nov. 2007.

Join Team Indigo-Aquafereion in lovely Amsterdam to experience some of the most cosmically profound information delivered so far in the Freedom Teachings. The Friday night orientation set the stage suitably with a lecture on the ***Ideological Disempowerment & Distorted Vision of Self and Source*** and the confusing '*duality of mind and thinking*' ideology that Humans are all raised 'under'. This amazing lecture was suitably closed with a wonderful summary of the Universal drama that has occurred since 2000 (the fall of the Treaty of Altair) and present-day.

The Saturday lectures include an introduction to the ***Never Ending Story*** and the ***Seeds of Creation,*** a specific sequence of graphs on the ***Eternal Krystar Cycle***, starting from the crucial 12-Tree Kathara Grid *Krist Code*. Information also covered included the ***NaVENa Cycle*** (NaVANa & NuVANa Cycles), the Primary Movements associated with the ***4-Trimester SEda Cycle*** (leads to the harmonic key cycles) where the Spirit Body is formed, the ***EtorA Cousha and AdorA KaSha Krystals***, the ***EtorA Ecoushic and AdorA Akashic Record First Cells*** and the ***Ecoushic and Akashic Hall of Records***.

Sunday's lectures include information on the beautiful structure of the Eye(s) of God (and the complex quantum of positive and negative G-Forces associated with Etheric, Ketheric, Telluric, Atmic and Keriatric matter), ***Event Horizons***, ***Time Vectors*** (upon which Transvector Adjugate [twin] aspects of our anatomy can merge into the Krystar state), the spheres of the ***EtorA Dha-LA Reisha*** and ***AdorA DhaLA Krysta*** that merge to form the ***HaRA-Krysta state*** (*not the HaRE-Krish'na' –no Kryst- state!)* and the ***Seven Celestalline Suns***. There was also exciting information on ***Natural Adjugate Bonding and Hydrolase Conversion*** and the ***Celestalline Wave***. "*With release of the Celestalline Wave, the EtorA and AdorA Hall of Records (1st 8-Cell Clusters) merge, opening the 'Halls of REi-Sha-TA' Eternal Hall of Records within the REi-sha-TA Field of the Eternal E-LUMEir-adhonna Cosmic Spirit Body.*" Some wonderful news about the '***Hidden 7th Line of Jesheua-12'***, ***Great White Buffalo Woman*** and the special 'DNA codes' carried in many of the people in the Amsterdam area. The ***6-6-6 BeaST Triangulation***, the ***Procyak False Memory Matrix***, ***the Bloom of Doom***, ***the Black Cube Matrix*** and the ***Curse of the YHWH*** (aka '***Yod Hey Vod Hey***') Matrix.

Enjoy an absolutely fascinating lecture on the ***Mysteries of the Milky Way*** (the ***M-31*** Andromeda Galaxy, ***Aquaelle Aquinous Ascension Host Universe***, their associated Galactic JhA-'ia and Density Jhala' Suns) and learn exactly where Urtha *is* and where Earth *and* our Milky Way *came from* and *how* Urtha, our host planet/star, can exist within a Universe that is 2.2 million light years away!

Techniques include: The Ring-1 Access Key Journey; The Jesheua Codes and the Journey to the Core Krystal Krystar Capsule and the 'Gift of Aquaelle'.

24. 12 Tribes Volume 1

Contains a 32 page Introduction to the 12 Tribes of Aquafereion. This brief introduction brings a linear sequence of how the 12 Tribe Classes unfolded and how Speakers and Attendees discovered together what the 12 Tribe Classes were to be about and their purpose as well as details about the information presented. It was not fully known, until the classes had completed, how these were going to play a part in the larger drama and the public workshops which followed the 12 Tribe Classes. This introduction is not included in Volumes 2 & 3 of the 12 Tribes Transcripts. A lot of detailed information was presented in each class and some of that information was brought forth into subsequent workshops.

However, the classes themselves holds a whole lot more detail than was able or needed to be brought forward in the following workshops. Therefore, these transcripts allow for more understanding to unfold. Please be aware, the 12 Tribe Products are the "**written transcripts**" of the 12 Tribe Classes, accompanied by the "Audio CD's" of the Techniques presented in each class. There are no video recordings of the 12 Tribe Classes.

12 Tribes Class 1: January 20–21, 2007: The first 12 Tribes class followed a few weeks after the FOL 2007 workshop, in which Team Aquafereion-Indigo ushered in the beautiful Tri-Eckasha Krystal River Flow, or the ―Arc of Aquari,‖ and after an introduction from TU-pah (A‘san), the Class 1 kicked off with the Krystal River Prayer, Psonn of Aurora, Veca RA-sha-EL Hub Activation # 1 (Hub Tones, etc.), the Ka-Sha Key Eye of Kanatareiah activation, the Merkaba and Ha‘ah-TUr Command, Prayer for Safe Passage, and the A-Da‘-Ma E-TUr-Na Psonn (Psonn of Adama). This was followed by activating the “mushroom” of protection to quarantine the Metatronic Threshold Towers that were activating in the Shalon-7 area of Phoenix. The lecture topics that followed included the Spanner-7 Gate (leading directly to Urtha), the Aquari Councils, the Fallen BourghaMUsala-AhLAma, the Eumbic Time Rip, the Threshold Technologies, Micca-Mecca main Eumbic Time Rip connection, the Fallen Inc-Uby and SUcUby Races, opening of the aquifers (the Urtha connections & Aquafereion Seals), the 10,550 BC 12 Feathers of Aquari ―3-way conception‖ hybridization programs, the Knights of Aurora & Aquareion Elemental Command, the Cloud-Walker Command upgrades, and the 3 Bio-NET fields (Derma-NET, Intra-NET, and EGO-NET). **Techniques:** The deflection technique, the Krystal River Logos Flow, the “Stand of the 12 Feathers” or “Stand of the Great Cloud-Walker,” and Aurora Key-Runners Elemental Master Command Stand.

12 Tribes Class 2: February 17–18, 2007: Class started with the Class 1 "tech-prep" (see above), including the quick Krystal River protection technique and the Starborn Flame Code sequence (from the Sacred Sexuality Series).

There are no video recordings of the 12 Tribe Classes.

12 Tribes Class 9: December 1–2, 2007: This class followed the Amsterdam workshop, in which Team Aquafereion-Indigo participated in an activation of the Krystal Core Access Passage. The first day, **techniques included** the Access Key Journey, during which an Akashic Bypass Key was received in the left hand; a stand; and the Eye of God Journey (in which those journeying are invited to give a mental request to receive the Cloak of Arcturus or the Code of AR-tur-a). The second day, **techniques included** Raising the Eiradonis, Anchoring the Bridge of Sol (opening a conduit between our Sun, the Sala-4 Gate in the AQUA‘elle Matrix, and the Aquinos Universe), and the Journey to the White Room or the Cosmic LUma-Eturna Reishaic Record Ring of Fire Core (also called the “Cloak of AR-tur-a Stealth Time Travel Journey” or “hyperspace leap to the future Adashi-1”).

The class concluded with the Great Balls of Fire technique (Eckasha-A - level Ra Flame activation). Information included understanding the large quantity of volcanoes that were occurring at this time to the extent of the Guardians having A'sha-yana follow the reports and map the locations and how all of this plugged into the "Red Alert" and the initiation of the Omega Kill Code.

12 Tribes Class 11: February 16–17, 2008: Class 11, titled "The Dhani Awakening Part 1 and the Shield of Solomon Invitational," contained exciting new information about the Eiradhani Breathing Tube, the Dhani Adjugate-10 Codes, the Dhani Ring Bhardoah Chamber (Backflow chamber) and the ―single silent tone‖ released from our now-dying Sun (on March 25, 2007, the Sun's Prana Seed was forced into closure), the Shield of Solomon, the Star of Solomon (involved the teachings of the House of Solomon, and the Jesheua-12 line), and the AdorA-10 BudhAea AdonA High Councils.

12 Tribes Class 12: March 29–30, 2008: The enormity of the activations that occurred in Class 12 required 15 additional attendees and constituted the first of three "Gatherings of the ShAman" (2nd was Hetharo 2008 and the 3rd was during St. Kitts 2008). The ShAman Shield activates the entire Rasha Body on the Aquafereion Shield, NET-Earth, Median Earth, Shala-3, and AshaLA levels. The class contains a phenomenal transmission from the AdorA-10 BudhAea AdonA High Councils on subjects including "the Glide, the Slide, and the Span"; Rasha Body training; the "Three Stages of Ascension"; Transmutation, Transfiguration, the Krystar State, the "Rapture", Transgenesis, and the Mashayah; the "Last Atom", Rasha PaTa-Ur Cellular Transfiguration, the Mashayanic Fold, and the Zhyrah; the Ema'jhi, the Zhyon, Um-Ma-TA-pa-DA-on, and the Mashayah Spanner; the Dhani, the DhaLA, and the Path of Mashayanic Evolution; and ZhEon Depletion, Organic "Bhardoah Transition", the "Victory Spark", and the "Va-BaTE Cell".

~BIO-REGENESIS ASCENSION TOOLS~

"High Veca Codes", also called the "I AM" or "Immanuyana Sequence" are very specific Symbol Codes, each possessing corresponding Sound Tones called Arieas. These correspond to the Cosmic, Galactic, Planetary & Personal Trion-Meajhe Field Radial Body levels. Together with their corresponding ManU Codes, these are known as the "Sacred Keys to the Kingdom of Heaven". These Codes are those by which we genuinely open our fields to the Primal Life Force Currents called Source/ God (or Yunasai).

The process of Personal Induction, and subsequent embedding, is a profound process of healing and multi-dimensional consciousness/ identity expansion. The process invokes essential Merkaba correction, and directly assists in meaningful activation the higher level Merkaba's. **The 'Bi' and 'Tri' Veca Codes (Universal Codes of Immanuel)** facilitate the opportunity to open ones personal fields to the first levels of PLC's (KeeRaShA - Primal Light Fields), and the Khu, Dha and Rha Vecas **(Cosmic Codes of Immanuyana)** extend this process into the Primal Sound Fields (Khundaray). Coupled with the Eckasha, ManU, and related Codes, these "Keys" are Universal Navigational Tools enabling the serious and diligent student to insure that personal ascension efforts will be massively enhanced, focussed and aligned with Divine Right Order.

Corresponding Workshop and Code Release schedule: Bi & Tri Veca - Sarasota 09/ 01; Khu Veca - Allentown - 10/ 01; Dha & Rha Veca - Sarasota 11/01; Eckasha - Peru 01/ 02; IAHAIA ManU Code - Sarasota 03/ 02; further Codes will be added during classes throughout 2003/ 4.

The High Veca Codes are supplied in the form of Activation/Meditation cards. Their applications are as relevant to healing facilitations with others as much as they are for personal use.

The Beloved's have suggested if we desire to memorize anything, this would be the most important Kristic Prayer and Invocation for the current moment. This card set was first released in the Phoenix Workshop, April 2007, release of DVD's forthcoming. Arc Gate Monadic Hub Domains - "Renewal Zone Maps"

Released in Tenerife February, 2006. During the workshop of Sept, 2005 (Whispers of the RashaReishA, information was given that brought forth the knowledge that the current status of the drama had moved us into another cycle and that we had been placed on "Evac Engage Alert". As this information came, the beginning revelation of the HaahTUr Kristic races and the "Sacred HUB" was presented. It was disclosed that there are specific interface points on planet Earth that connect with the HUB gates and that the HUB gates were being opened to allow for "Renewal" and would be the gate system used for the upward ascension spiral. In the FOL 2006 workshop more information was given on the significance of the Renewal Cycle and the Joyous Opportunity for Celebration. And was promised there would be maps given showing the locations of the HUB Gate interface points. This product contains 14 FULL Colored Maps showing the locations of the Clustering HUB Domains.. Also included is a **119 page May Key**, that pinpoints specific "Zoomed" into locations, as far inward as exact street locations. Discover for yourself what girds would be the safest to be on as we continue to move forward in this Stellar Activation Cycle.

The Waters Edge CD by *Suchi Waters Benjamin*

In preparation for the above Virginia Beach workshop, A'sha-yana (Speaker-1) received information from the Guardians about this particular music from Suchi. They revealed that specific songs on this CD were in fact Linguistic Template Reprogramming Grids, inspired by Jesheua-12, and the shield at this workshop was asked to join in a planetary event, the *International Day of Peace-Fall Equinox* and bringing in the *Host of Al-ben"-yhan*. When those at this workshop heard these sacred songs and then actually was able to sing along for the event, the response was an immediate *wave of joy, happiness, peace, love and a feeling of going home*. For awhile there was not a dry eye in the house, as each moved through their own rapid integration of these wonderful frequencies that we have been gifted with. A wave of songs that everyone on the planet should include in their daily routines and will offer great assistance for activation and clearing. Thank you Suchi for being a part of gifting the world with these blessings and for your beautiful voice. A COMMITMENT TO QUALITY AND THE EOMC COURSE-BOOK MANUALS

The authorized EOMC translators/authors, members of the EOMC, Azurite Press, Trustees, Regents Council, teachers and promoters of the EOMC Paradigm extend their greatest efforts in making EOMC teachings available for public exploration in **the most responsible and respectful manner possible,** whilst striving to maintain the **highest standards of integrity in EOMC text translation and teaching.**

Intrinsic to such responsibility in presentation, authorized EOMC translators/authors, members of Azurite Press, Trustees, Regents Council and authorized teachers and facilitators of EOMC programs are all individuals who personally believe in the factuality of the EOMC Paradigm and who actively participate, for personal spiritual reasons, in EOMC programs, including personal utilization of EOMC techniques and technologies. These individuals all share a **common commitment to achieving and maintaining integrity, quality and responsibility in public presentation of EOMC teachings;** this shared commitment arises from a commonly shared, individually held, reverence, respect, appreciation for, and belief in the validity of, the EOMC Paradigm, its inherent teachings of personal spiritual self-discovery and the limitless potentialities of human consciousness that this paradigm suggests.

On behalf of this commitment to quality, may it be understood that **EOMC Course-book Manuals**, as featured within the EOMC *Kathara Biospiritual Healing Program*, *EOMC Maharata "Dance For" Programs*, *EOMC Masters Templar Stewardship Initiative Program* and other EOMC teaching programs, **do not represent completed books**, but rather exist as **companion text briefings** that are created in conjunction with **specific corresponding live workshop presentations** which are preserved via **audio/ video recordings** that are made available on the *Azurite Press Products List* as specific Program Sets. The Course-book Manuals that accompany some of these audio-video workshop programs **contain only the charts, graphs and most pertinent information pertaining to their corresponding audio-video program**, and **do not contain the *many pages of dialogue and detailed explanation*** that is incorporated verbally within the audio-video program. Thus EOMC Course-book manuals are not intended to be used alone, but are rather intended for used as an **additional educational aid in conjunction with their corresponding audio-video workshop program**.

As new EOMC workshop materials are often released and translated during live workshop presentations, the corresponding Course-book Manuals and their inherent graphs and charts often reflect the immediacy of the new information provided in that they are initially rendered "**in-the-rough**", often with portions of text in hand-written form, not yet "perfected" for book publication with appropriate dialogue text detail, typesetting, computer graphics, pagination and indexing. As each new workshop since 1999 has introduced the next level of new, live EOMC data translations, there has been insufficient time to "move backward" and perfect the quality of production pertaining to EOMC Course-Book Manual texts from previous workshops. The information and new EOMC teachings contained within each workshop program always reflect the standards of integrity and quality inherent to the EOMC Paradigm, but often timely public release of new materials is achieved at the expense of quality in product production. **The Azurite Press staff apologizes for any inconvenience that such "data-in-the-rough" may cause; however, if workshop programs were withheld from Product List release until their audio/video recordings and corresponding Course-book Manuals were "perfected" in terms of product production, it would be several years before these materials were released for public review.** As new EOMC teachings are often time-sensitive in regard to the unfolding of planetary events, especially since 2000, it has been of greater priority during this time to expedite availability of the EOMC teachings contained within the products, than it has been to demonstrate the standards of excellence in quality product production that remains a goal of Azurite Press.

For the time being, EOMC audio-video-Course-book Programs are in a **state of continued evolution,** as the small staff at Azurite Press, with the assistance of numerous individuals who volunteer their time and talents, endeavor to compile dialogue transcripts and perfect typesetting, computer graphics and format organization of previous EOMC workshop presentations in effort to fulfill the goal of creating "perfected" book publications that contain, and "do justice to", the vast body of quality teachings that have been presented during the 1999-2003 EOMC workshops. The commitment to achieving excellence in quality of production, as well as quality of information, that is held by members of Azurite Press staff arises from the personal desires of staff members to "honor the spirit of the teachings" which they have found personally valuable, as well as from a desire to provide the best possible quality of product and service in spiritual respect to the public. Until the goal of achieving "perfected" product production quality is actualized, Azurite Press staff hopes that the public will share in the recognition that it is the **quality, and inherent substance, of EOMC information, more so than the "package that it comes in", which demonstrates the value of Azurite Press EOMC educational products.**
